

PRIMARY TIRE SHREDDER The Industry's Most Productive

The CM Primary Shredder shreds whole passenger, truck, super single, farm implement and OTR tires into clean shreds or chips. With a capacity of 20 tons of tires per hour, it is the most productive primary shredder in the tire recycling market today.

Turnkey Ready

Our patented DOUBLE-STACK knife design operates at extremely close tolerances which produces the industry's cleanest cut with very little exposed wire. The knives can be resharpened and reused which significantly increases lifespan and decreases costs.

Features at a glance:

- Utilizes CM's Patented Knife Design
- Ability to be bulk fed for more efficient operation
- Energy efficient twin drive system
- Produces a variety of chip sizes
- Lowest operating costs among competitive shredders
